**NOTICE OF APPLICATION OF
SOUTHERN CALIFORNIA EDISON COMPANY
TO INCREASE ELECTRIC RATES
APPLICATION A.22-09-017**

Why am I receiving this notice?

On September 30, 2022, Southern California Edison Company (SCE) filed an application with the California Public Utilities Commission (CPUC) requesting an expedited review and approval of its 2022 Energy Resource Recovery Account (ERRA) Revenue Requirement Trigger Mechanism Application (Application). The ERRA functions to recover the fuel and power procurement costs SCE incurs to provide electric service to its customers.

As of September 30, 2022, SCE spent \$245.69 million more in actual procurement costs than has been recovered in customers rates. This is known as the “Undercollection Amount.” This is due to a variety of factors which include, among others, rising fuel costs. If SCE’s Application is approved, your rates will increase as reflected in the table below.

Why is SCE requesting this rate increase?

The CPUC requires SCE to promptly seek a rate increase to recover the Undercollection Amount. Pursuant to this requirement, SCE filed the Application and requests that the CPUC allow SCE to include the Undercollection Amount in rates beginning January 1, 2023.

How could this affect my monthly electric rates?

If the Undercollection Amount were to be put in rates today, the average non-CARE residential monthly bill using 500 kWh per month would increase by approximately 1.8% (or \$2.74) per month for the average non-CARE customer.

How does the rest of this process work?

This Application will be assigned to a CPUC Administrative Law Judge who will consider proposals and evidence presented during the formal hearing process. The Administrative Law Judge will issue a proposed decision that may adopt SCE’s Application, modify it, or deny it. Any CPUC Commissioner may sponsor an alternate decision with a different outcome. The proposed decision, and any alternate decisions, will be discussed and voted upon by the CPUC Commissioners at a public CPUC Voting Meeting.

Parties to the proceeding may review SCE's Application, including the Public Advocates Office. The Public Advocates Office is an independent consumer advocate within the CPUC that represents customers to obtain the lowest possible rate for service consistent with reliable and safe service levels.
